## WINE TOURISM AND PEACE OF MIND

### GUIDELINES AND GOOD PRACTICES FOR A COVID-FREE WINE TOURISM

Let's start safe and sound. With the collaboration and attention of everyone, the experience of the visit to the Winery will be in absolute serenity and without risk to the health of guests and operators.

#### **BEFORE THE VISIT:**

Online or telephone booking ([welcome@assuli.it](mailto:welcome@assuli.it) - 0923 547267).

Recommendation of a "group" representative who leaves their contact details and ensures that what is declared by the other guests regarding the general protocols is true (we will keep the data for the 14 days following the visit).

We will not be able to welcome visiting guests who have a body temperature higher than 37.5° C; guests with flu-like symptoms and/or loss of taste and smell; guests who have had close contact with people found Covid19 positive without using protections.

#### **UPON ARRIVAL AT THE CELLARS:**

You will find fully sanitized premises.

You will find hand sanitizing gel in several locations throughout the visit.

One of our operators will measure the body temperature of all tour participants.

Show up 15 minutes before the appointment with a mask.

#### **TASTING:**

Guests will be served at the table with sanitized glasses and disposable portions.

The minimum safety distance indicated by law will be observed between the tables.

At the end of each tour, the tasting area will be sanitized, the tablecloths changed and the seats sanitized.
